Barn Renovation is Almost Complete!

We have been working hard to finish the remodeling of the Barn. We have put new siding on the outside of the Barn. We have also enclosed both sides by adding a Garage Door and 2 regular doors for entry into the Barn.

Inside we have built a stage for upcoming events. We have also built an area in one of the corners for a Kitchen. So far we have added a Refrigerator. We will be adding a stove, microwave and counter area. We have also put picnic tables in the Barn. We have enough seating currently for 60 people.

We have put a wood stove in the Barn so that we can heat it during the winter months. We will be having our monthly cookout for January in the remodeled Barn. Our cookout will be January 12th!.

We have also decided to give it a new name —The Club House!

Fitness Center

Our next project is creating a Fitness Center for the park. As some of you have noticed, we have purchased a building and placed it in the Circle near the outdoor shelter. This will house our new Fitness Center. We have already started working on the walls. We hope to have it complete by the end of January. If you get a chance come check it out.

Once it is complete, we will have a Tanning Bed, Exercise Bike, Stair Stepper and Weight and Body Workout center that includes weights, bench press, leg, curls, etc.

MONTHLY COOKOUT

Our monthly Cook-out will be on January 12th in the newly remodeled Club House. We will get together around 5:30. Just bring something to drink and come enjoy the new facilities!

Housekeeping Reminders

Please be sure to turn off your electric heaters when leaving the park. We do not want anyone's unit to catch on fire.

Also, remember that if the temperature will fall below 30, we will be cutting off the water so that the pipes will not freeze.
