Office Renovated

During October the Office was renovated. The wall petition was taken out and a new counter built. The new counter spreads across the office area and provides more space for check-ins.

There is also a new display built into the counter for brochures and maps of attractions around the area.

Stop by and look at the office. While you are there, have a cup of coffee.

We also have various types of Ice Cream available in the office. Along with cold drinks, candy bars, cookies and other snacks.

Recipe of the Month

Bread Pudding

- 3 Pillsbury Country Biscuits
- 3 Tbsp Butter
- 1 Cup Sugar
- 1 1/2 Cups Milk
- 1 Tsp Vanilla
- 3 Eggs Beaten

Mix all ingredients in sauce pan and cook on medium for 10 minutes. Pour into baking dish and place in Oven at 350° for 30 minutes or until golden brown.

New Website Created for Parnell Creek

During October we created a website for the campground. The website has a lot of information about the campground and the amenities that we currently offer.

The link to the website is www.parnellcreekrvpark.com. If you get a chance, check it out and let us know what you think!

Septic Conservation

Just a friendly reminder to all campers to use Septic Safe toilet paper. The preferred brands are Angel Soft or Scott 1Ply. The other brands are not septic tank friendly and could cause problems with clogging and backups. You can purchase the camping toilet paper but the above brands work just as well and cost a lot less.

While we are on the subject, we wanted to let you know the proper way to dump your tanks.

Dumping your tank:

To have the most cost effectiveness for the wear and tear on your unit, you should dump you tank using the following rules:

- 1) Keep valves closed until dump time
- 2) Dump Black first but only when it is at least 2/3 full
- 3) Flush the Grey Tank next to clean the hose and will reduce the odor.
- 4) Close the valves. (this will keep the lubrication on the seals and prolong their life span.)
